

About the Project:

Very first we would like to convey that *RAWATBHATA.CO.IN* is not associated with any NGO or any political party. We are not a part of any social service campaign. Here we are just trying to fulfil our responsibility to all those children who are financially challenged. They have a school, a play ground, three teachers and their own future.

These 30 to 40 little children are learning with their broken black boards, without study table-chair even in the extreme climate they have to sit on their bunch of *taat-patties*. No electricity in their school, a veteran hand pump is used for drinking water. They are making their future with such a infrastructure. These children are in a Govt. Primary School of Malpura village, 07 Km ahead from the town Rawatbhata. These children are in beginning of their academics. They are depending on Rajasthan Atomic Power Station's *Corporate Social Responsibility* program and state government's programs. Here we would like to mention that both the entities are doing their best. But fact is that there is still a long way to go.

We are not blaming any organization, authority or government's program-policy. Our complaint is with ourselves only. What we were doing? Can not we do anything for their better education?

Here we with *RAWATBHATA.CO.IN* are trying to play our role for them under the project *Prayaas*.

What are we doing?

We have made a list of issues of those children like broken Black boards, Electricity supply, Drinking water etc. In the project *Prayaas* we will try to sort out these issues one by one at our level best.

To achieve our goal we have a strategy that we will provide some web space on our web portal *RAWATBHATA.CO.IN* for the online advertisements to the interested client or customers for their product and services. We will use the 50 % amount of the advertisement cost in our project *Prayaas* with complete accountability and transparency. By this way we are not taking any donation for those children because a better education and environment is their right.

We are very thankful and obliged to our proud advertisers who have taken interest in our project and concept. Here they are...

1. **Lahoty Hospital, Rawatbhata**
2. **Prashant Jewellers, Rawatbhata**
3. **Malik Stationers & General Store, Rawatbhata**
4. **Vyas Screen Printers, Pratap Nagar, Rawatbhata**
